Projected Start Date: 8/1/2025 Projected End Date: 9/30/2025 (specific projected start and end dates only)

[REDACTED] shall provide Indiana University's Division of Gastroenterology/Hepatology's [REDACTED], a transplant hepatologist and health equity researcher with the following services: short-term research support across three completed projects focused on hepatocellular carcinoma (HCC) and equitable access to curative therapies. The contractor will be responsible for developing three discrete written products suitable for scientific publication. This is a remote opportunity, paid as a flat fee as described below.

Service Deliverables and Payment Amounts

(Rates of payment must be clearly stated as a flat fee per deliverable.)

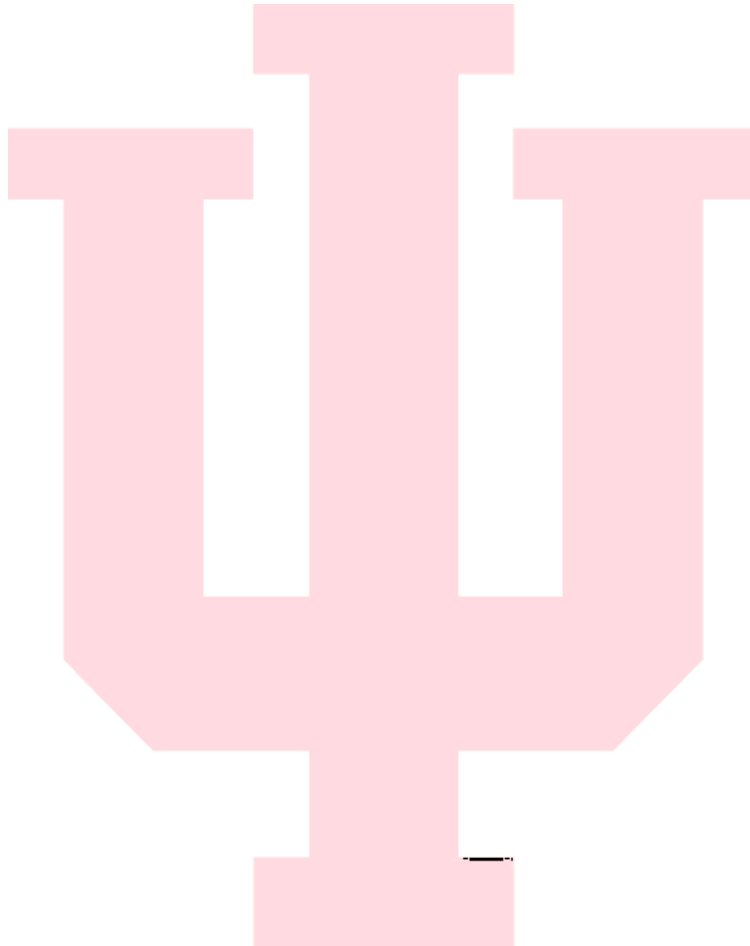

Service Deliverables	Deliverable Payment Amount
1. Manuscript 1: Qualitative Analysis of a Multisite Intervention to Improve Access to Curative HCC Treatment A comprehensive report has already been compiled based on qualitative data from patients and stakeholders at two hospital sites. The data pertain to a co-designed intervention to improve access to curative HCC treatments. Deliverable: A complete, publication-ready manuscript (including tables and figures) that synthesizes the findings into a cohesive scientific report. Ongoing feedback will be provided by the Principal Investigator (PI) during the drafting process.	\$2,500
2. Manuscript 2: Perceived Barriers to Liver Transplant Referral Thematic analysis has been conducted on coded transcripts from patients and providers. Deliverable: A complete, publication-ready manuscript (including tables and figures) that presents the findings on perceived barriers to liver transplant referral. The contractor will refine the existing analysis and build out the full paper in collaboration with the PI.	\$2,500

3. Research Letter: Development of a Clinical Decision Support Tool

A Delphi process has been completed to guide the development of a clinical decision support tool for transplant referral. This will need to be discussed with the PI.

Deliverable: A concise ($\leq 1,000$ words) research letter or short report suitable for submission to a peer-reviewed journal, summarizing the development process and key insights.

\$1,000
